Chile may be long and thin but the breadth of wine styles and quality emerging from this dynamic country is amazing. Come to our Annual Trade Tasting to see for yourself.

### Special Features:

- A diverse range of wines from around 90 Chilean producers
- Boutique wineries seeking UK importers
- Focus tasting table area featuring:
  - Pinot Noir
  - Organic, Biodynamic & Fairtrade wines
  - Chilean Trophy & Gold medal winners from all major 2009 competitions

### Special Seminar

“Sustainability – what does it mean?”

There is much ‘greenwash’ talked these days but this seminar will illustrate the significant steps Chile is taking to develop some meaningful protocols. These measures will ensure that ‘sustainability’ in Chilean winemaking is a very real and important long term objective.

The seminar will be conducted by Professor Yerko Moreno from the University of Talca in Chile.

9.30am – 10.30am Wednesday 9th September in the Conference Centre above the Lawrence Hall
